# Hi-Pro Stripper

## Ultra Concentrated Floor Stripper

NET CONTENTS - 1 QUART (32 OUNCES) - MAKES 3 GALLONS RTU STRIPPER

### A POWERFUL NON-AMMOIATED ULTRA CONCENTRATED STRIPPER THAT WILL EMULSIFY ANY FLOOR FINISH IN MINUTES

**HI-PRO STRIPPER** is a powerful, fast acting, low-odor non-ammoniated super concentrated stripper that cuts through multiple layers of burnished floor finish. Its low foaming, no scrub and no rinse features are a fit for all professional floor care systems.

**HI-PRO STRIPPER** is the fastest working liquefier on the market. Designed for the removal of all water based coatings. A concentrated re-emulsifying formulation for use in: offices, health care facilities, schools, universities and child care facilities, grocery and retail stores on any resilient floor surface.

**DIRECTIONS:** Dilute one bottle of Hi-Pro Stripper into a bucket of warm water ( approx. 3-4 gallons). Apply solution uniformly on floor with mop and let soak for 4 to 7 minutes. Increase soak time if using cool water. Keep areas to be stripped wet. Scrub thoroughly using a stripping pad or brush to break-up film. Pick-up all of the solution with a clean mop, wet vac, or an automatic scrubber. Thoroughly rinse floor with clean water. Let floor dry completely before applying Ultra Shield Floor Finish.

**WARNING: IRRITANT: CAUSES SKIN AND EYE IRRITATION. HARMFUL IF SWALLOWED. KEEP OUT OF REACH OF CHILDREN.** Avoid contact with skin, eyes and clothing. Do not ingest. May cause severe mucosal damage and gastric distress. May cause systemic intoxication. Wear protective gloves and goggles when handling this product.

**FIRST AID:** For Eyes: Rinse thoroughly with water for at least fifteen minutes. If irritation persists seek medical attention. For Skin: Remove contaminated clothing. Wash skin thoroughly with water and apply emollient creme. If irritation persists seek medical attention. Wash all contaminated clothing thoroughly before reuse. If ingested: Do not induce vomiting. Give milk, egg white, gelatin, or water. Seek immediate medical attention. Never give anything by mouth to an unconscious person. **FOR PROFESSIONAL USE ONLY.**

**INGREDIENTS(CAS#):** Water (7732-18-5), 2-(2-Butoxy-ethoxy)-ethanol (112-34-5), 2-Aminoethanol (141-43-5), Disodium trioxosilicate (CAS# 6834-92-0) and Anionic Surfactants.
