

Armor Technology for Your Floors

Ultra Shield Armor Technology for Your Floors takes floor finish maintenance to the next level. This new technology can more than double the life of most floor finish. From the first application, the floor finish is revitalized beyond its original luster. Reduce labor, stripping and chemical use while creating a UL classified slip resistant finish. Ultra Shield Armor Technology for Your Floors is ideal for daily use.*

*Wait 24 hours before applying Ultra Shield Armor Technology for Your Floors to new floor finish.

Great for Use on These Coverings*

- VCT • Granite • Marble • Quarry •
- Terrazzo • Pirelli • Wood • Etc. •

*When an acrylic polymer floor finish or sealer is applied.

Directions for Use

Mop On - Dilute Ultra Shield Armor Technology for Your Floors 2 oz. per gallon of water. For ideal results, let Ultra Shield Armor Technology for Your Floors dry prior to buffing or burnishing. For optimum results, use 1500 rpm floor machine or higher.

Spray Application - Dilute 1 oz. per quart bottle of water. Spray Ultra Shield Armor Technology for Your Floors onto the floor in a stream pattern and start to buff or burnish. Reduce black heel marks, scratches and scuffs by using Ultra Shield Armor Technology for Your Floors on a daily basis.

Deep Cleaning / Scrubbing - Dilute Ultra Shield Armor Technology for Your Floors 4 oz. per gallon of water. Use a red or blue pad with a low speed floor machine to remove deep scuffs and scratches. Buff to a high shine or apply Ultra Shield High Performance Floor Finish and use Ultra Shield Armor Technology for Your Floors for maintenance the following day.
